

Carboncil

1,5 Kg

Brunnen Industrie presents the new **"Carboncil"** INSTANT charcoal, a new type of plant-based charcoal with high yield and calorific value, containing an ecological liquid derived from fermented plant products for easy lighting. **"Carboncil"** is ready in only 10 minutes and is ideal for a perfect barbecue.

Instructions for use:

- ▶ Spread an even layer of INSTANT charcoal on the barbecue;
- ▶ Light the charcoal;
- ▶ Wait 10 minutes;
- ▶ When it turns grey, position the grill and start cooking.

Advantages:

- ▶ No need for firelighters, kindling or paper: you only need a match to light it;
- ▶ It doesn't alter the flavour of food;
- ▶ It doesn't produce smoke;
- ▶ It does not contain synthetic products;
- ▶ Convenient, it's perfect for a last-minute barbecue;
- ▶ It's ideal for 6-7 people.

1,5 kg charcoal
